

Wael Abidi

Full-stack developer

 Wael Abidi |  Wael Abidi |  mysite |  abidiw293@gmail.com |  +216 54052999

PROFILE

I am a Full-stack developer skilled in crafting user-friendly web applications. Proficient in frontend and backend technologies, dedicated to delivering scalable solutions that meet client requirements and enhance user experience.

PROFESSIONAL EXPERIENCE

Freelance

Some freelance projects including web and mobile applications as a full-stack developer
Freelancer in a Startup as a frontend developer

PROJECTS

● Coifini

Coifini is a platform built with mern stack that works with barbers and beauty centers.. It accepts 2 types of users and it has 2 different interfaces also it includes a booking system with easy UI/UX.

● DumuGames

[Link to Demo](#)

DumuGames is a web application that sells gift cards for wholesalers and individuals. It includes a wallet for wholesalers, a track ordering system and of course an admin dashboard to manage all the website.
- The link above is just for the coming soon page, the full project is done but not hosted yet
